## 1 • Trace & cut

Cut out the paper star, lay it on cardboard (an old box is perfect), draw around it and ask a grown-up to cut it out.

## 2 • Wrap in foil

Wrap your star in kitchen foil and press it flat and smooth with your fingers.

## 3 • Wind the yarn

Wind yellow yarn or ribbon around and around, criss-cross, any way you like. Tape a paper loop to the back – and pop it on top!
